WELCOME TO MORASHA 2024!

We are thrilled to have everyone to be HERE in their summer home! The administration, Division Heads, counselors and specialty staff have been eagerly awaiting this moment. We were so happy to greet our campers at the busses on Tuesday. It was so nice to see familiar faces and meet some new friends!

Opening night was AMAZING! The Mercazia was full of energy as we invited everyone to enjoy the summer by being present. Each division came decked out in their divisional colors and t-shirts and the Division Heads with enthusiasm! Each division was treated to their own videos.

Regular activities began in full swing this week. League teams were drafted, Wayne County teams were made, campers went tubing in the lake and made art projects in the Arts Village. The camp showed their patriotic pride wearing red, white and blue for the July 4th Picnic and fireworks on girls' fields.

We are looking forward to what's new for Week 2!

PARSHA THOUGHTS

By Devorah Cornick

Strangely, the Parsha begins by telling us that Korach took, but it doesn't say what he took! It just says that he took. Rashi tries to explain this anomaly by saying that maybe it means that he took himself to the side to make a rebellion, or that he took other people to fight with him. Rav Hirsch beautifully says however, that this phrase is not coming to tell us what Korach took, but rather to tell us what Korach was. Korach was identified by "Vayikach". He was a taker. He looked at every situation and said "What is in it for me?". This was the problem with Korach's rebellion, not necessarily was it all that he was saying, rather it was where it was coming from. He just wanted to take.

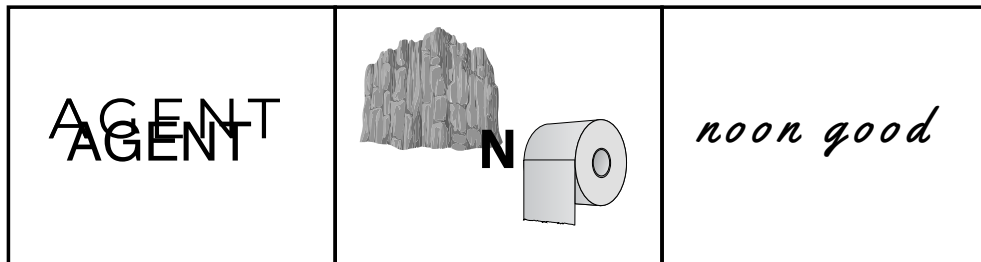

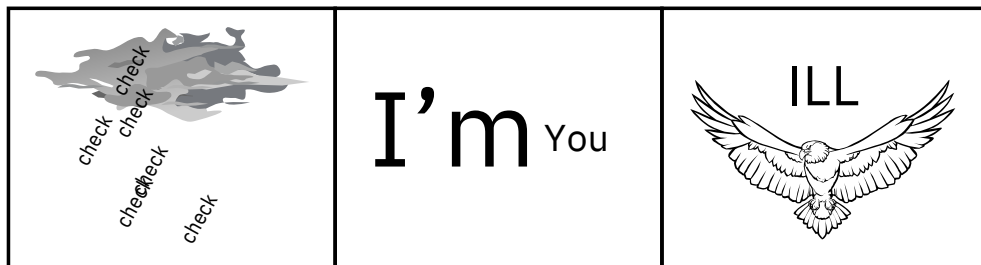

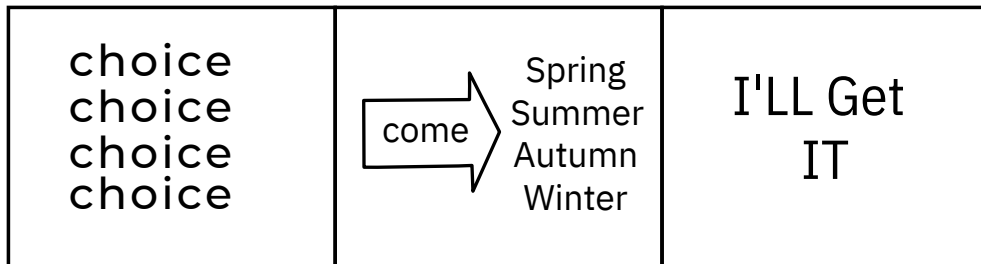

This is the first Shabbos of camp and we are all here together. The only way that we will have a successful summer together, is if we look beyond our own needs and pay attention to the people around us. What can I do to help someone else? Whether it is holding open the door to leave the dining room, asking if anyone else needs their water bottle filled when you are going to fill up your own, or making sure to pick up your garbage when you are walking around the camp. The more we can be considerate of one another, and not just focused on what we can take for ourselves from the summer, the more we will gain from the experience here. So I encourage everyone to open up their eyes, see the needs of the people around them, and stand up and say HINENI!
